Health and Safety Officer

Description

A **Health and Safety Officer** is required in Rye, East Sussex paying up to £34,000 plus bonus and benefits. This will be your ideal opportunity to join a company as it begins a significant period of investment and development. Your role will be to support the H&S team deliver its objectives by ensuring audits and risk assessments are carried out efficiently. This high-profile position will offer the opportunity for personal development and exposure to complex but rewarding H&S opportunities.

Responsibilities

Your duties as SHEQ Officer will include:

- To support SHEQ Manager in all aspects of Safety, Health, Environmental, and quality at a complex engineering/manufacturing site
- Assisting the works area with investigating accidents and other incidents, monitoring health and safety carrying out Audits and Risk Assessments
- Ensuring all SHEQ documentation is produced accurately and filed on time
- Produce data for reporting to regulatory authorities in a timely manner, that is both accurate and comprehensive
- Carryout site inspections and ensure adherence to SHEQ guidelines both Regulatory and In-House
- Assist in latest ISO accreditation project and continue to support Management System improvement initiatives
- Promote SHEQ awareness across site, through a variety of means such as coaching, presentation, online etc.
- Support and help deliver new SHEQ initiatives across site using innovative means
- Identify hazards and work closely with maintenance, manufacturing, and operations to minimise risk

Qualifications

You will have previous experience of working within a Health and Safety role and ideally have (or be working to) a formal H&S qualification ([NEBOSH/IOSH](#)). Experience of ISO or other H&S Quality Standards would be an advantage. The successful candidate will be used to completing audits and utilising an evidence-based assessment to drive improvement.

You will be a strong communicator with well-developed influencing skills who can
